The Gulfport Police Department purchased a 20' Custom DUI trailer with a generator attached, (1) Gateway laptop computer and a multifunction printer in September 2007 on the Alcohol Countermeasure grant 07-TA-2141. In the 2008 grant 08-TA-2141 the department purchased a security system for the DUI trailer. The Department of Public Safety paid the Police Department back and therefore under State Law this equipment belongs to them and can be transferred by them to an agency willing to use the equipment.

The Gulfport Police Department placed an asset number on all the above equipment in order to be able to locate during audits. This trailer has not been used in several years and the Department of Public Safety is requesting the transfer to Starkville Police Department.
